

Tiux Performance Compression Socks

Design Features

1. Wide top band for comfort.
2. Calf support and stabilization.
3. Achilles tendon protection to prevent blistering and irritation.
4. "Y" heel for contoured perfect fit.
5. Padded footbed provides cushion and shock absorption.
6. Seamless toe for maximum comfort.
7. Breathable mesh to keep your feet cool and dry.

Graduated compression (20-25 mmHg) to increase blood circulation.

Constructed with premium technical fabrics for superior moisture management and breathability.

200 thread count for ultimate durability, comfort and fit.

Left and right anatomical design.

Benefits

Enhance performance by accelerating blood flow to provide more oxygen to your muscles, while flushing out metabolic wastes.

Reduce muscle fatigue and damage by minimizing muscle vibration.

Recover faster and improve muscle repair with increased blood circulation.

Prevent blood pooling in the feet.

Calf support and stabilization				✓
Achilles tendon protection	✓	✓	✓	✓
Padded footbed	✓		✓	✓
Price	\$50	\$60	\$70	\$35

We Do Things Differently

Our innovative design features blur the line between form and function.

We work with reputable factories and learn from their expertise.

We use premium technical fabrics engineered for function and performance.

We reduce overhead by never overstocking inventory.

We eliminate the middlemen and share the savings with you.

Inflating prices and discounting them later is not part of our marketing strategy.

We're exclusively online and do not have the added expense of a physical storefront.

We don't pay for pro endorsements. We believe our customers are our ambassadors.

Social Mission

At Tiux, it's important for us to look for ways to make a positive difference. That's why we've partnered with MAG (Mines Advisory Group) and will donate 1% of our revenue to help save lives and protect communities from landmines, unexploded ordnance (UXO) and other weapons remaining after conflict. This means that 1% of every purchase will go towards providing a safe and secure future for men, women and children affected by violence and conflict.
